[timothy-urbom/](https://www.linkedin.com/in/timothy-urbom/)

**Objective-** Seeking a position as a software engineer where I can utilize my skills in React, Python, JavaScript, and Flask to develop high-quality software applications.

## EXPERIENCE

### Freelance Graphic Designer, Self-Employed

2018 – Present

Collaborate with clients to understand their design needs and provide creative solutions that align with their brand identity  
Develop logos, business cards, brochures, flyers, social media graphics, and other visual assets to promote clients' products and services  
Manage project timelines and budgets to ensure timely delivery and high-quality output  
Maintain ongoing relationships with clients, providing ongoing design support and revisions as needed  
Utilize Adobe Creative Suite (Photoshop, Illustrator, InDesign) and other design tools to create professional-grade designs

### 77WABC Red Apple Media, Manhattan NY – *Graphic Designer*

February 2021 – December 2021

Created and designed marketing collateral, including social media graphics and email campaigns, using Adobe Suite. Worked with clients to determine project requirements and provided design solutions to meet their needs. Maintained brand consistency across all marketing materials. Utilized project management tools to manage timelines and deliverables

## EDUCATION
